

## LARGE PORTABLE FIREPIT PART #1195-22001

### BEFORE YOU BEGIN

Thank you for purchasing this Fly Offroad Large Portable Firepit and joining us in *The Pursuit of Freedom!* Please inspect the package contents upon opening. Ensure it is complete according to the parts list below and that none of the contents are damaged. If there are any discrepancies contact Fly Offroad at [info@flyoffroad.com](mailto:info@flyoffroad.com) and we will correct the error. Read these instructions fully before beginning the assembly. If you are not confident in your ability to perform extremely rudimentary actions with your hands please consult a professional before attempting. Contact Fly Offroad before you begin the assembly if you have any questions or concerns.

### APPLICATION

These assembly instructions apply to the following Fly Offroad products:

1195-22001 Fly Offroad Large Portable Firepit

### PARTS LIST

Part	Qty
Jeep grill panels .....	2
Side panels .....	2
Grates .....	2
Torsion clips.....	8

### TOOLS NEEDED

No tools and only half a brain

### IMPORTANT INFORMATION

- Fly Offroad Large Portable Firepits are cut from raw steel and will have natural blemishes referred to as “beauty marks.” These are not flaws. The tab & clip assembly is meant to be extremely simple to perform. If you should have problems please explain in detail on [Facebook](#) and be sure to tag [@FlyOffroad4x4](#) so we can respond appropriately.

### INSTALLATION PROCEDURE

- Insert the tabs on both side panels into the slots on one of the Jeep® grill panels. Use four torsion clips to secure the tabs through the Jeep grill panel

- Slide the tabs on one of the grates into the Jeep grill panel already assembled.

- Start on one side and feed the tabs from one of the side panels into the remaining Jeep grill panel. Lift the bottom grate and start its two tabs into the Jeep grill panel. Then feed the tabs on the remaining side panel into the Jeep grill panel.

**Brain surgeon tip:** some wiggling will be required to get everything aligned and inserted properly.

**FOLLOW FLY OFFROAD'S SOCIAL MEDIA**

FLYOFFROAD4X4 FLY\_OFF\_ROAD

- Secure with the remaining torsion clips. Add remaining grate to slots in the top of the Jeep® grill panels if a cooking surface is needed.

Your Fly Offroad Large Portable Firepit is now assembled! Now take it apart and stash it in your Jeep® for when you need it!

## CRAWL CLAW GRAB HANDLES

Fly Offroad's Crawl Claw Grab Handles for the Wrangler JK are great looking, mount to the stock locations, and are low profile so you won't bang your head on them as you enter and exit the vehicle.

- Low profile
- Mounts to stock locations
- Integrated finger track support for grip
- Anodized black, aircraft-grade aluminum
- Made in the USA
- 2 year warranty
